

PRESS RELEASE

Headquarters of prisma informatik moving to new office spaces in April

The company relocates its main office and moves to new spaces on the business park "FrankenCampus" in April.

In April, prisma informatik literally changes scenery and moves its central location from the north of Nuremberg to the south. The new offices are located on the modern and easily accessible "FrankenCampus" in Nuremberg.

Nuremberg, 23.03.2020 - After more than 10 years in the northeast of Nuremberg, prisma informatik is relocating its main office to a new, attractive and modern working environment. The new address in the south is characterized, among other things, by its favorable location close to the city center and is thus ideally accessible for employees, customers and business partners alike. In addition to the very good traffic connections, the local supply also makes the new office to the perfect company headquarters, offering employees a contemporary and pleasant environment.

"With the '**FrankenCampus**' in Nuremberg we have found a suitable office park, which offers many other advantages in addition to state-of-the-art technology, a fiber optic internet connection and a good infrastructure," says Claudius Malue, managing director of prisma informatik GmbH.

New address - telephone number stays the same

For all customers and business partners it is therefore essential to note the new address of prisma informatik GmbH for appointments and correspondence from April onwards: **Frankenstrasse 160, 90461 Nuremberg**. The company will still be available by **the same phone number**.

The Nuremberg address of prisma csp GmbH will also change accordingly with the move to Frankenstrasse 160, 90461 Nuremberg.
